

#J34-500 LOG SET

NOTE: Log numbers are located on the bottom of each log. Refer to the following instructions and illustrations for proper log placement. Your components may look different than the ones shown.

CAUTION: Do not place logs directly over burner port holes. Improper log placement may affect flame appearance, and may cause excessive soot to build upon the glass.

1. Place the ember panels behind the front burner ports as shown below.
2. Align the holes in the bottom of logs J34-1, J34-2, and J34-3

- with the mounting pins on the back burner. Push to seat.
3. Position log J34-4 as shown below.
4. Position log J34-5 over the two ember panels as shown below.
5. Align the pins in logs J34-6 and J34-8 with the holes in base log J34-1. Push to seat.
6. Align log J34-7 with the notches in log J34-1 and J34-5 as shown below.
7. Use a stiff or steel bristle brush to distribute rockwool embers onto the burner and logs.
