

2022 Product Guide

We believe in spaces that are designed for living, making memories, and enjoying life.

Prism Hardscapes is a progressive company that focuses on well designed outdoor living products. We are committed to current architectural trends, visionary designs, coupled with handcrafted techniques that allow for products that are beautiful as well as affordable. We are always at the forefront of exceptional product design, quality, and value in the outdoor living space.

Backed by over 100 years of experience, Natco Home is a family owned business that was established in 1917. Natco Home is one of the largest and most respected companies in the Home Textiles, and Outdoor Living Products industries with wholly owned manufacturing facilities in Georgia, Maine, California and Toronto, as well as several joint ventures in China, Poland, Egypt, Turkey, and Mexico. Natco Home delivers today's hottest home fashion colors and designs at surprisingly affordable price points.

Designer Collaborations

Prism Hardscapes has teamed up with forward-thinking designers to bring modern, cutting-edge designs to the marketplace. New and distinct design elements will be the key feature for these new products that are sure to be a beautiful addition to any outdoor lounge space. Explore the creations that have resulted from the collaboration between Prism Hardscapes and some of the top creative minds in the outdoor living space industry today.

Elements Collection by Mike Pyle

Our Elements Collection offers beautiful pieces that combine 3 main elements: wood, concrete, and metal. A stout powder-coated metal frame is the foundation for all of the collection's fire features. Sturdy glass fiber reinforced concrete makes for a durable yet smooth-looking top centerpiece, while South American hardwood adds a decorative and refined appearance. The contrasting organic and industrial elements combine to create a look that is both intriguing and timeless.

Fire Media

Prism Hardscapes offers several different fire media options to allow anyone to customize their fire feature to their tastes.

Beautiful 3/4" Lava Rock is included with nearly all models, and offers a stark contrast with any of the fire feature color options.

Tumbled Lava Rock is included with Fuego Series fire features and is an upgrade available for all other models. Many people enjoy the smooth, clean look of the tumbled lava rock and it is a popular choice.

Fire Glass is another upgrade option for most fire features. Its colorful, dazzling, modern look is offered in 7 different colors.
